

E-workbook
of Pharmacy Practice I. or II.
Public pharmacy practice before the State Board Examination

The student is required to write down a practical problem and its solution every 4-5 weeks, that is, 1 practical problem/month. The length of the description should be between ½ -1 page. The pharmacist evaluates the work of the student with a grade (by a five-scale grading system). The student is required to send the E-workbook to the Student Office according to the regulations of the university. The E-workbook does not replace either the attendance sheet, or the evaluation form (on which the practice is evaluated by a three-scale grading system) that has to be submitted at the end of the practice.

Name of the student:

Name of the supervisor/pharmacist:

Name of the pharmacy:

Description of the practical problem:

Solution of the practical problem:

Evaluation (please underline):

excellent (5) good (4) accepted (3) passed (2) failed (1)

Date:

Signature of the pharmacist, stamp:
