

**E-workbook  
of Summer Practice I. or II.**

The student is required to write down a practical problem and its solution every 2 weeks, that is, 1 practical problem/2 weeks. The length of the description should be between ½ -1 page. The pharmacist evaluates the work of the student with a grade (by a five-scale grading system). The student is required to send the E-workbook to the Student Office according to the regulations of the university. The E-workbook does not replace either the attendance sheet, or the evaluation form (on which the practice is evaluated by a three-scale grading system) that has to be submitted at the end of the practice.

**Name of the student:**

**Name of the supervisor/pharmacist:**

**Name of the pharmacy:**

**Description of the practical problem:**

**Solution of the practical problem:**

**Evaluation** (please underline):

excellent (5)      good (4)      accepted (3)      passed (2)      failed (1)

**Date:**

**Signature of the pharmacist, stamp:**
